

WINE OF CARDUI
THE NEW WAY.
WOMEN used to think "female diseases" could only be treated by "female doctors" and "female examinations" by "female doctors".
Wine of Cardui has now demonstrated that these "female diseases" of all kinds, such as irregular menstruation, etc., do not require a physician's attention at all. The simple, pure

Wine of Cardui
taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

THE NATIONAL CIVIL SERVICE School,
311 East a pilot Street, Washington, D. C.
INSTRUCTION BY CORRESPONDENCE.
Do you wish to enter the government service? If you do we can help you. It is our business to prepare persons for taking the Civil Service Examinations: to tell them what to do and how to do it. Eighty-two thousand one hundred and thirty-eight positions are now filled by the Civil Service Commission, and we prepare people to take the examinations. Have you an ordinary common-school education? If you do we can prepare you for an examination in a short time. We will give you examinations until you are prepared, making your work just as you will be marked by the Civil Service Commission. Our charge is a mere nominal one of \$10 and after you are appointed you receive a commission of 2 percent of your first year's salary. This is to our interest to fit you as soon as possible in order to get you into it. By a recent order of the President the number of places to be filled by the Civil Service is increased from 55,736 to 85,108 or by over 50 percent. All Government employees are now included except fourth-class postmasters and those persons classified as laborers. There never was a better time than at the present. We have received every department of the Government. Some are now getting as high as \$2,000 per annum. Many are getting \$1,200, \$1,400, \$1,600 and \$1,800. We have been engaged in preparing persons for the Civil Service for years and our success is shown by the large number who are now holding lucrative positions because of our assistance. We refer to the National Capital Bank of Washington, D. C., as to our ability to fulfill our promises.
Address all communications to the Secretary.

HAULING.
THE undersigned is prepared to do hauling of all kinds, either with Cart or Wagon, at moderate rates. Delivering of merchandise and baggage to and from the railroad depot a specialty. Orders left at the Livery stable of Mr. Joseph Hunt will receive prompt attention.
EDGAR D. GLAIZE,
Dec. 30, '92.

POULTRY POINTERS.
"Give the fowls plenty of sunshine and fresh air daily."
If also have are not laying well, try a change of food.
Darkness of the comb is an indication of congestion of some kind.
Most cheap egg foods are composed largely of ground oyster shells.
When the weather is very cold or storming, it will be better to keep the poultry confined.
Lined meat is excellent if fed in small quantities, but fed too liberally it fattens too much.
Too much solid food when there is proper exercise tends to fatten, and fat hens do not lay well.
Merk all the pullets you want to save by pinching a little the web of the foot with a sharp steel punch.
If the poultry house has a board floor, a liberal sprinkling of sand over it will aid materially in keeping it pure and clean.
Nearly all medium sized fowls are more active and enter to raise than the larger varieties, while the demand in market favors a carcass of medium size.—St. Louis Republic.

PEN, CHISEL AND BRUSH.
Miss Julia M. Bracken, a sculptor of Chicago, has been successful in making a death mask of the late Washington Meigs of Chicago.
M. Valberg in the Revue de Deux Mondes tells how Remon received every year from a province in France an anonymous letter saying simply, "Don't forget that you are going to be damned."
M. Lecomte du Noy, the painter of oriental subjects, is exhibiting three large frescoes to adorn a chapel which is being built after the Grecian style for Queen Elizabeth of Roumania, perhaps better known as Carmen Sylva.
The latest notable portrait painted by John S. Sargent, an American painter who is a member of the Royal Academy, is of Miss Daisy Leiter, formerly of Chicago, and is intended for the academy of 1899. Miss Leiter is a sister of the famous beauty who was married not long ago to the Hon. George Thurston.

THE COOKBOOK.
Dredge stout with flour before chopping, and it will not cake so badly under the knife.
To remove all the grease from the top of soup after having skimmed it with a skimmer lay a piece of porous brown paper on top. It will absorb every particle of grease.
The best bag to use for pudding is made of thin unbleached muslin. Be sure that it is well scalded before the pudding goes in. Keep a supply of clean, strong, white tape for pudding strings.
Boiling is the most abused branch of cookery. The average cook boils things that should be prepared otherwise, just through laziness. It is too much trouble to learn how to cook any other way. Never boil anything fast and use as little water as possible.

THE ROYAL BOX.
Kaiser Wilhelm has given up tobacco, as his havans kept him awake, and now smokes only German cigars.
The czar has 44 different uniforms, one of which he has never had occasion to wear—namely, that of a Russian field marshal.
Wilhelmina, the queen of the Netherlands, will take the oath of accession to the throne on Sept. 6 next in the New church in Amsterdam.
The reason the ex-Empress Eugenie recently sold \$200,000 worth of jewelry was not that she wanted the money, but that she had no further use for such magnificent gems.
